Notes:

- 1 The above is based on publicly available data from www.swimnews.com and www.swimrankings.net
- 2 Textile bests are estimates only based on the fastest ranked time for the years 2006/7 and 2010-2012. Certain swimmers may have swum quicker times at other points. Where known these quicker times have been used.
- 3 Where historic times are not shown the swimmer was ranked outside the world top 150
- 4 In hypothetical scenarios each swimmer is considered individually in isolation from team-mates in the same event
